Roybn Hitchcock meets the Ramones - acoustic sound - punk drive - quirky and dark humor. 14 MP3 Songs FOLK: Power-folk, ROCK: Punk Details: HI Thanks for taking a look (and maybe a listen) I guess wrote these songs cause I wanted to hear stuff like this. These days it's pre-programed rebellion, hormones, SUVs, and cleavage (not that I have anything against cleavage but still). But I wanted real stuff about an un-real world. Songs about love and songs about monster movies - Songs that deal with sadness and songs that address issues like small yippy dogs and alien abductions. thE a-lisT: (not everybody but enough) The Ramones (Joey - R.I.P. Brother; Dee Dee - not unexpected but arggg.); The Sex Pistols; the Clash, the Cramps, the Who, Mott the Hoople, Ian Hunter; Motorhead; Otis Rush; Robert Johnson; Godzilla; Diana Rigg; Shonen Knife; the Lillingtons; Gun Club; The Grouvie Goulies; Screaching Weasel; Bob Dylan; The Soft Boys; Robyn Hitchcock; The Prisoner; Mystery Science Theater 3000; John Lennon; the Beatles; Frank Zappa; Chick Repellant; Rage Against the Machine; The 5.6.7.8's; Charles Mingus; Man or Astro Man?; AC/DC; Cheap Trick; Secret Weapon; The Misfits; Howlin' Wolf and everbody who ever gave a damn about the righteous noise that can save your damn miserable life The noise that can raise you out of the muck and the mire and let you fly like an angel or an eagle or some kind of hedious dark bat-winged thing that scares children - the important thing is that it makes your soul takes wing - whatever damn shape it happens to be. Peace - Love - Shonen Knife. boB
