A style which withdraws into the tenuous relationship between the lyrical phrase and its musical counterpart. It establishes a quasi balance enunciated though the mingling of words meticulously strewn atop musical arrangements. Inspiring as it exhumes. 11 MP3 Songs FOLK: Modern Folk, COUNTRY: Country Folk Details: **(If you are using hi-fi broadband, please click purple button on the left to hear songs or the music will sound muffled and inaccurate) Individuals suffering from acute or chronic confusion become more confused, restless and insecure late in the day, especially after dark. This happens whether living at home or in a facility. Usually, the confusion is worse after a move or change in routine. Sundowners become more demanding, upset, suspicious, disoriented; they see, hear, believe things that aren't real, and they may wander all night.
