Reno Indie Folk Chain Gang 8 MP3 Songs in this album (20:56) ! Related styles: FOLK: Folk-Rock, ROCK: Americana People who are interested in Tom Waits DeVotchKa Langhorne Slim should consider this download. Details: Buster Blues eclectic sound jumps from breezy folk pop to loud unhinged rock and sounds like it belongs in an illicit speakeasy retrofitted for the new millennium. Everything musical may have been done before, but Buster Blue has found a niche inhabited by their off-kilter creation alone. The seven band members all play multiple instruments from an arsenal that includes banjo, accordion, trombone and chain-links, along with the traditional guitar/bass/drums combo. Instruments are passed around, with some members learning a few they never even knew before. Making so many pieces work together well is possible partly because band members grew up in the small Nevada town of Gardnerville before coming together in Reno during the summer of 2007. But Buster Blue brings more than music to the stage. They are, after all, performers, and bring theatrics to live sets that match the drama in their songs. If people are willing to pay for a show, theyre sure as hell going to put one on that you dont want to miss.
