Details: In his fifth album, Christian Williams deviates slightly from the Gothic Americana murder ballads that have made him a leader in the genre for a more personal touch. 30 Minutes with Christian Williams is his most personal album yet. A sort of protest-folk autobiography, it finds Williams applying the moral lessons he's learned to combat religious and patriotic fanaticism and the capitalistic way of life. It's his effort to weather the storm by finding shelter in the simple life and personal relationships he values most.
