Welcome to "Everyday Thing". Basically, it's a rundown of how I view the world and how I cope, buddy... 17 MP3 Songs HIP HOP/RAP: East Coast, HIP HOP/RAP: Southern Style Details: Look, phuck all the mumbo jumbo with my talkin' about myself in third person saying I'm this and I'm that. Let's be real. I'm an unsigned artist who works a 9 to 5, and does a lot of other things on the side. My partners and I just started a label, and I'm trying to LEGALLY re-incorporate my production company, Sonic Score Entertainment, Inc. We do everything. We got our own studio, and duplication and graphics workers. The only thing we don't have that the majors do have is a big ass media push for Exposure. You know what, I don't need that when I have YOU. You're my exposure. I put a lot into this hoping you'll like it, and in return, even if you don't like it, SPREAD THE WORD!!! You came to this page to give me a shot. Well now it's up to you. You can listen to the songs, you don't need me to tell you why to buy the CD. Judge the shyt for yourself. All I can say is, you've spent \$10 on worse things in your life, go ahead and put a little bit of that in the pocket of an independent artist. I worked hard on this project, and if I didn't think it was worth that (or more), I would give it away. What are you gonna wait till I get shot, or shoot somebody to buy my album? You gonna wait until I get indicted for some drug conspiracy charge? Look, I try to excel at everything I do. I don't hit the open mics every week. I aint at every networking event. Either I'm at work, on the block with my homies, out with a ladyfriend, or home at the studio. If I do a show, I'm usually one of the people in control of it. I aint doin this just to say I do it. Exposure? YOU can be my exposure. If you like the album, spread the word, and don't be selfish. Word of mouth is the best advertisement. If you turn out to be a customer, than I want to service my customers right and keep them coming back. I wanna know what you think. You can join my yahoo group and communicate straight with me. You can call me toll free and leave a message (888-759-3857). You can email me

(draus@sonicscoremusic.com). You can hit my Myspace page (myspace.com/draus2006). Don't be a stranger. Show me some love. I need it. Oh and WASTELAND MOB 4 Life bytch!!!
