Throughout the ages, the Psalms have demonstrated the true love relationship between God and man because they are the prayers and written evidence that has proven the intense desire of man to seek the very heart of God on a deep and personal level. Today, the Psalms are needed more than ever before. It Is Written Ministries, Inc. under the leadership of Dr. Jacquie Brown-Hadnot and her husband, Minister Gregory Hadnot, Sr. has been commissioned by God to present ten special Psalms in a very unique and innovative manner to reach millions of souls via this dynamic CD project entitled, "His Mercy Endures Forever-Praying the Psalms". The message of love and compassion on this CD goes beyond typical lip service and delivers a very

special end-time anointing of peace and heart felt love, which is experienced throughout this very special project. All who have listened to this CD believe it is a rare and delightful CD, which allows the listener to know that truly God is still able to minister to the lost and weary through His Word. This special CD, "His Mercy Endures Forever", came about when God told Dr. Hadnot that despite her inability to sing, she was needed to present the Psalms in a very dynamic manner to reach His people. It is the intention of the project to let everyone know that there is still a God who is understanding, loving, caring and is diligent to protect and provide for His people, because after all, It Is Written in the Psalms. Dr. Jacquie is delighted with the end result of this very dynamic CD and is touched by the favor of God in allowing all of the pieces to fall into perfect harmony. Dr. Jacquie says, "When the Lord spoke to me regarding this CD, the thought of God using me with little or no musical background was hard to understand, but God's reassurance and His divine guidance gave me a peace that surpassed anything I have ever experienced. I thank God for trusting me with this awesome labor of love." We are positive that you will be blessed to find out that there can still be peace in the midst of life's daily storms by simply listening to the Word of God.
