Jesus has been good to me even though I did not serve the Lord as He wanted me to but He was patient with me and brought me through some hard times. I nearly lost everything that meant anything to me, but by His grace He has restored and blessed me more than I could ever imagine. Although I attend a Cowboy Church, my ministry is to lost and dying world. I think we are living in the latter days and "the fields are ripe unto harvest." My God has no boundaries in His fields so I go wherever He leads. My ministry is not about me or money or popularity, but about my Savior and serving Him through the direction of His Holy Spirit."
