Details: Tom Gray (vocals, guitar) has been singing, playing and writing music his whole life. Toms music mission is to bring great, positive songs that listeners love to hear. Songs they can remember and sing to. Toms style ranges from singing standards in nightclubs to deep country and rock. J.R. (guitar, bass) was a late bloomer getting his first guitar at age 21, but was involved with music playing clarinet in school as a child. His musical taste tends to run on the heavy side (Zeppelin, Floyd, Queen, and Sabbath), but has mellowed more recently with Collective Soul. He picked up the bass recently out of necessity for the album, but is thoroughly enjoying it. J.R. is not a songwriter, but did manage to put together three instrumentals for the first album and is working on new material for the next one. All of his guitar work is free-style finger-picking.
