Delicious, jazzy love songs and ballads, seductively sung. 12 MP3 Songs EASY LISTENING: Love Songs, JAZZ: Smooth Jazz Details: California -based singer Sherry Williams enchants you with her torchy, witching hour vocal stylings on this well-produced 12 song set. The entire album, particularly the title track is a transfixing affair, but I have two favorites to recommend for Quiet Storm shows. The first is "Morning Hours", a vivid lyric from the pen of Kathy Rubbicco about new lovers who stay up all night enjoying each other's company. "We live love in the morning hours / we spend time like it was borrowed from tomorrow..." Also exceptional is "The Taste of Me (Sabor a M)", a Latin Jazz piece that opens with spoken poetry before segueing into both the English and Spanish lyrics of the song - a tastefully erotic tour de force. Instrumentalists on the album include trumpeter Harry "Sweets" Edison , tenor saxophonist Herman Riley, vibraphonist Dave Pike and percussionist Rudy Regalado. A. Scott Galloway, "Startime" column, Urban Network Magazine.
