Sequencer based keyboard compositions with real time guitars added, these are instrumental tunes. 18 MP3 Songs ELECTRONIC: Pop Crossover, ROCK: Instrumental Rock Details: Rhapsody in Green was recorded in 1990, but was only released in 2002. The compositions were mostly created on a Ensoniq SQ-80 Keyboard workstation with various synth modules as slaves. The exception was the opening track Tones of Emotion which was composed on guitar. On this tune I was inspired by the German music of Neu, Michael Rother, and Cluster. The other compositions are more snappy, somewhat like the Harold F theme which was popular in the Eighties. (written by Harold faltameyer for the film "Beverly hills cop"). Track 7 "My Heart Commands It" is the second version of the song that I recorded. The original was recorded in 1982 and is unreleased. Larry Smiley aka Smiling Eye October 2002.
