New fruit from the reggae root. 6 MP3 Songs WORLD: Reggae, WORLD: World Fusion Details: What do reggae, African drums, and the blues have in common? They're all earth rhythms, and on the first record from Memphis-based SONS OF SOIL, these styles are united to testify on American imperialism and missteps of the global resistance movement in light of the terrorist attacks of September 11, 2001. "Sons of Soil have a broad, encompassing sound that overall holds together on this EP. . . Sons of Soil are intriguing enough to want to hear more. . ." --reggae-reviews.com We fight not against flesh and blood, but the power that holds men down. peace=salam=shalom
