

Mp3 Will Dudley - True Lies And Other Legends

[DOWNLOAD HERE](#)

"Rooted deeply in the history of the west, his songs can be interpreted on many levels" 13 MP3 Songs
FOLK: Folk Blues, COUNTRY: Country Folk Details: "...an example of everything that is to love about western music. A little bit of history, a few critters, a little bit of twang, and a lot of good old fashioned picking. Sounding at times a little like Merle Haggard, Dudley's original songs bring to life a variety of western themes and characters making them real and at the same time larger than life."
