You are about to discover the secret predictions of search engine optimization experts for 2006 and beyond! You're going to want to start making plans NOW to capitalize on this information. Are you making fatal mistakes on your niche websites? Are you afraid of being tossed out of both Google and Yahoo? I want to start off by telling you that I am not an SEO expert. I am just a full time entrepreneur and marketer. I do, however, know that when you are not comfortable about a subject, like I was with search engine optimization, you need to ask experts. You don't get on forums and ask other marketers. You don't ask the lady who bags your groceries. You also don't ask your wife who would rather be shopping (Sorry Anna you know it's true) I interviewed people who lived and breathed search engine optimization. In this ebook you will find out the inside scoop when SEO Experts reveal their secret predictions about the changes Google will make in 2006 that will impact your site and your search engine ranking. what new technology the search engines introduce in the next year that will affect your ranking inside predictions on duplicate content and how Google and Yahoo will handle this problem in the future. what you will have to

concentrate on to have your websites either stay or become highly ranked in the search engines in the next year. Download now as it is still available.
