Details: Presenting an artist and a band has not always been an easy task. That explains why this artist and the new band behind him have taken such a long time in the making. Finally, the managing team has decided it was appropriate to re-introduce to the public BONO and his new band "CHALE MIZIK". The Gonaves, Haiti native has been in the music business since he was old enough to drive, apprenticing with legendary artists such as, Ti Polis (R.I.P.), Claude Cajuste to name a few. After leading bands like NY Superstars of Doff Chancy, Zel of Florida, and NY Allstars, the new BONO has managed to handily distinguish himself from the old one with his impressive new vocal flavor. It is even more relevant whenever he grabs a microphone in front of a performing band, which goes to show how much of an impact he will make on the HMI. It's been said that Kompa is a young people's game, but it's also hard to tell the difference when it comes to catchy lyrics. Lately, teens across Haiti and aboard have been unwittingly rocking to a Kompa groove made by someone twice their age. "I've worked hard for over 19 years and it's time for me to get my break", said BONO with a chuckle, sounding more relieved than bitter. You do not have to speak with BONO for a long time before discovering this man has a huge desire to be known as one of those who have sacrificed themselves to maintain the Nemours Jean Baptiste's legacy. As for the music, BONO/CHALE MIZIK's album features some of the most radio-friendly compositions. This is confirmed by the hit single to date "Separasyon' which has been turned by many DJ's. BONO/CHALE MIZIK's recently affirmed that they were separately negotiating a record deal with three well-known record labels. " I am looking to see which one of the trio would meet our requirements",

stated BONO.
