Heart felt animosity and enmity, rip'n ur mind in real time... Political policies to modern day atrocities...pump'n juice in life-less bodies and gov. hoties Over killer beats from the US and UK. 12 MP3 Songs HIP HOP/RAP: Hip Hop, HIP HOP/RAP: Hardcore Rap Details: "Refreshing" This is probably the best song i have listened to all day. The hook instantly caught me from the beginning. Very different track, im feeling what hes talking about, almost noone is original nowadays everyone wants to follow what is supposed to be cool. The rapper came correct he had good punch lines nothing corny, either.. kerosine... I thought that line was gonna be wack but he flipped it. The delivery was on point this song is hot. I really want to here more music from you guys. - ma2t Chicago, Illinois "Maybe they don't know what Love is!" Greedy, he talkin' bout hoodrats, and I like it because it's different, not the same O'thang. Do U homie! - JimmyBishop1 Philadelphia, Pennsylvania "Almost" I like what your trying to do with this song but, the hook seems like lyriclly it is a bit much. I like the effort and support to the hip hop world. - karmamc Honokaa, Hawaii "Tight ass hook" the hook is hot, goes hella good with the beat...the beat is hot too im feelin ur style in ur flows, u speakin the truth fer real. i like ur flow ur release is hot. the song is hot, specially the hook and them flutes and piano or whatever that is...keep that shit up. . - The\_King\_707 Santa Rosa, California "Who needs drums" Good Lord, this joint is absolutely 100 Fire. The production is phenominal, love the strings, woderful combination of full and single strings. those keys are just enough to accenuate the overall vibe. the bells, just enough, not too much. Vocals is straight grab ya by the throat and choke ya till ya get it. Everything perfect level, flow and diction. percussion is just enough to give it the bob effect. Wonderful work. This has to be 1 of, if not the best Hip-Hop joint I've heard on Garage Band to date. Linden, New Jersey "TAIK2MESOUNDS" This Emcee is doing flows with accurate percision cut edge raw that matches da dark grunge like beats in the production that could make way for

spoke word poetry, keep doing what you're doing, it's a tight. . - djwoogiefresh Denver, Colorado "Liberate minds" I like the uplifting message he's sendin out there. I dont really care fa the beat much. I think the artist needs to ride the beat alil bit betta.. i admire his courage. Spit on playa. One. - BNLC Kingston, New York "Hip - hop to chill to" I'm loving the prelude to the song which sounded like a movie excerpt. The beat sounds faintly familiar but still is banging.It makes me want to go swimming. The mc is spitten straight fire. The strings are sharp. Every verse was tight. Great Work! - Buggy504 New Orleans, Louisiana "A thought" Hooks is hot, beats funky, lyrics are tight, yeah this is working. I like the concept, presentation, MC is on point, I'm diggin the rawness of the sound, real hip hop ya'll A+! - MrCripIrk Brooklyn, New York
