This is good mood music ranging from uptempo dance to lounge/cocktail. 10 MP3 Songs URBAN/R&B: Rhythm Blues, JAZZ: Smooth Jazz Details: THIS CD IS DEDICATED TO THE FACULTY MEMBERS AND STUDENTS LOST IN THE VIRGINIA TECH INCIDENT. "WISHING" IS THE TITLE TRACK, MEANING AT ONE TIME OR ANOTHER EVERYONE MISSES SOMEONE AT SOME TIME OR ANOTHER. This piece is not just about love and the lost of love ones, it is also a very true situation. Everyday, I see on TV and read the newspaper about people losing their love ones. It makes me sad, sad because these people never thought their love one would leave them this soon. It's just too common, too often. That's why when you hear the "hook" (the main chorus) "wishing you here baby", it sticks in my mind. Because that's what I would of said to that person, while they were here. I lost my best friend, you were just here yesterday. I push away the tears, take away the fears. Come back to me, I'm missing love, I need you here right in my arms.. I'm wishing you were here baby,come back to your lovers embrace.(Hook) I'm wishing you were here, I'm missing this love of your face.I'm wishing you were here baby,come back to your lovers embrace. Damn all these tears, you left my world, and I lost my best friend , Now every single night, seems a little bit longer. I can't stop thinking about you. (Hook) Just yesterday, we were sharing love, faithfully, your sweet caress was fine, had me feeling much stronger, can't stop thinking about you (hook) Shouldn't take this heartache, push away the tears, take away the fears, I know it in my heart, we can go back to loving baby, cause I justcan't live without you, just can't live without, oh baby, baby, baby. I'm wishing you were here. (Hook). Come back, welcome to the love that I have to give. Missing love, Won't you take the love that I have to give, Sugar, sugar, wishing love, I need you here.
