Details: Mainstream Death Country is one of two albums by Hank Ray (the other being Countricide, also available) that shook up the rock, country, and punk, scenes with their initial releases. The albums dark lyrics and stories were too evil to be accessible as mainstream country; too roots oriented to be rock; and too sincere to be punk. The United States finally gets the chance to obtain copies of these genre-defying masterpieces with their reissue on Devil's Ruin Records.
