Electric, 80'ish Americana rock roll. 11 MP3 Songs ROCK: Americana, ROCK: 80's Rock Details: In 1977 in San Francisco California, U.S.A. I had a 5 piece band called S.F.O. While opening some shows that year for Tom Petty and the Heartbreakers I met their now former drummer, Stan Lynch. The following year I moved to Los Angeles and got together with Stan and started hanging out, playing music and writing. This collaboration has been going on for 'bout 25 years and we're still comming up with more. TAINT embodies some of my favorites that we've written. Thankx
