Very original, funny, and very serious love songs about various situations in life. 2 MP3 Songs in this album (7:15) ! Related styles: COUNTRY: Traditional Country, POP: Pop People who are interested in Patsy Cline Billie Holiday Spike Jones should consider this download. Details: 2 originals plus karaoke versions. My songs all have a beginning, a middle and an end. They all have a surprising "catch" at the end. You have to listen to the whole thing in order to get it. I write about my own life and other social situations I have observed. I was a child entertainer and became a top model in New York. I did national commercials and then went to Hollywood where I worked on television and some movies. I started writing songs for a very unusual reason and it turned into a business. Now I own my own publishing company, Hanson Payday Publishing, and I'm ready to cash in my chips! Tags: pop
