Listen to some of these comments from satisfied users. "First I saw them live. Then I heard their CD. Then I was like, I have to get that CD and I got it. Then I was so happy about everything that I totally had a blood sugar attack, I'm hypo-glycemic, and passed out. When I woke up in the hospital I was so glad to be alive and I listened to that song they have about being a duck, which all my friends think is lame, but I really like it and thought about everything and was like, WOW!"--Cindy Walters 47, Syracuse, New York The Grommits--Now available at 2.2 apr financing for a limited time!
