West Coast Rap Tunes with "TREAL PLAYAA'ISM" 13 MP3 Songs HIP HOP/RAP: Hardcore Rap, HIP HOP/RAP: West Coast Rap Details: I am a poetic creature, hungry to make it in the entertainment business. I was born and raised in the streets of Oakland, California. As a product of my environment from the ages of 16+, I have been in several penitentiaries. I have always been told that my music and voice and verses were focused and truly passionate. My album sold out locally in Sam Goody under The Outfit, here in Medford. This album "Game" is of versatility of myself and my group's ability in this rap game. I truly believe in my heart that if we are given the opportunity to hit mainstream and make our rhymes official with a broader audience of listeners without a doubt we'd go platinum. So please give an ear to these plaaya tunes. It's all real, no perpretratin'. My lifestyle is that of which the average square cannot even concieve or believe. I display my wisdom and knowledge to my young commrades, so that we may obtain some good livin' in this music business. I guarantee, God willing, you will be very impressed. The life we have lived, there will be endless content and material. The Outfit "XXX" The Don - Baby Face Nelson
