

America Rising: Power And Political Economy In The First Nation - David Felix

[DOWNLOAD HERE](#)

This book, which demonstrates the author's zest for historical analysis and great story-telling ability, points to the central fact of a rising America—the intensely energizing interaction between polity and economy. The United States is the greatest power in world history, but the rise of another great power, China, is beginning to be increasingly apparent. One trusts that, drawing upon its deep resources, America will remember its history and traditions and continue as a superpower.
