

Desperate Kentish Housewives

[DOWNLOAD HERE](#)

California is not the only location on the planet where we can find Desperate Housewives. Even in the Home Counties of England and a sleepy Kentish village you may be sure there are many women who fit that description perfectly. You can also be sure that these Desperate Housewives will have in tow some even more Desperate Husbands! After locating to Cumming Close and becoming neighbours in the sleepy little cul-de-sac, two couples who have known each other for years find their marital relations becoming autocratic and humiliating. For the husbands, that is. When wives, mothers, nannys and office girls come together with the sole aim of taking the men in their lives down a peg or two-hundred, is there any power on earth that can stop them? WARNING: Story contains scenes of an explicit sexual nature.
