It always grooves and it passionately rocks. Lyrically, the material is personal, challenging and pointed at times, dark and sensual at others. It is powerfully presented and deeply felt. Popping in the DAX CD, the listener floats along the heavy, pounding rhythm of "Submission" or sinks into the trippy, sexy "Lay My Head." 10,000 copies of the "Submission" CD-single have been distributed since its release in mid-2003. The rapid churning "Not Worth the Paper" was recently featured on a Westwood One/Sony Playstation compilation featuring such artists as Crystal Method and Sevendust, and is one of four DAX songs featured in the upcoming videogame "In the Groove." DAX's super-fly version of David Bowie's "Ashes to Ashes," featuring Dale Bozzio (Missing Persons) on co-lead vocals, was released on last year's Serious Vanity tribute Bangs...Sounds of the 80's. DAX was recently selected as one of Music Connection's top 100 unsigned artists.
