Soothing continuous crystalline-like tones. Very smooth, relaxing and ethereal. 3 MP3 Songs NEW AGE: Ambient, SPIRITUAL: Alternative CCM Details: lasos is one of the original founders of "New Age Music", having released his first such album in 1975. This album is an emotional bath of two unique types of feelings: First, a half-hour piece - "Liquid Crystal Love" - that conveys the feeling of a delicate sustained ecstasy, and works best when played at a soft volume in a quiet listening environment. These celestial sounds are even more engrossing on headphones, since they "surround" the listener with heavenly sounds. This music tends to "etherialize" and "delicatize" one's feelings. Secondly, "Oh, How Deeply Do I Love You?" has a potent effect of opening the heart chakra and the solar plexus chakra in a very soft vulnerable way. Emotionally moving melody lines are weaved in with the sounds of a mocking bird singing late at night. The also includes a "bonus" cut: "A Contented Heart" which is actually an excerpt from "Rapture of the Heart" that is looped many times, to convey a feeling that is accurately described by its title. This excerpt is taken from lasos' "Realms of Light" album. People who are interested in should consider this download.
