Synthpop, electropop, electroclash, EBM, new wave 12 MP3 Songs ELECTRONIC: Electro, ELECTRONIC: Electroclash Details: Heiko Meile of Camouflage helps Sea of Sin, from Germany, craft a smooth synth rich CD. In the spirit of Camouflage or Cause&Effect, this duo's debut full play has all the elements that should please any fan of synth-pop: Flowing melody, layers of snappy electronic sounds, and in this case a mixture of guitar and piano. Also the vocals, lyrics, and harmonies combine well with the beats and vibe There are some upbeat tracks like "Illuminate," "Strange Vibrations," and "Sin.cerity," that are cool as well as a couple slower ones like the deep "I Live My Life" and the Beatle-esque "I'll Be There," which is groovy.
