A real winner with both traditional folk harmonies and stylings, and early Beatles type arrangements. Three together has grown as a trio with tight vocal harmonies and acoustic blends. 13 MP3 Songs EASY LISTENING: Soft Rock, FOLK: Folk Pop Details: Three Together, Acoustic Vocal Trio We first met at an Open Mic in Vancouver, Washington, in the spring of 1994. Soon after that Judy Koch and Don Mitchell formed a duo and performed at benefits and casual gigs. In 1997 amazing finger style guitarist, Doug Smith, graciously agreed to help us with our first CD project(Sorting It Out), and added his voice to our harmonies to create enticing acoustic blendings. Our second album (Three Together) was born in June of 2002, along with a budding romance between Judy and Doug. The latest CD, 'ALL OVER THE MAP' was started in the autumn of 2005 with our ever faithful engineer Tad Suckling. Our trademark at rehearsals and live performances is having FUN -- for us and our audiences... give these CD's a listen and you'll know why! PS: Doug won a Grammy (FEB, 2005) for his fingerstyle guitar work in the Best Instrumental Pop Album category on Solid Air Records "Henri Mancini, Pink Guitar" -- another must hear, please visit dougsmithguitar.com 2006 - Doug Smith is the International Finger Style Guitar Champion, Winfield, KS, 9/14/06
