This cd is a testament of her love and adoration for God. With the awareness that as she commits herself and apply herself to God's will and gift of music, growth will follow and her craft will mature. "This cd is a step of faith". As a rebellious teenager saved by God at the age of nineteen, I was delivered from clubbing, smoking weed, and a life of hurt, pain, and frustration. But God had a plan for my life, and would later begin to turn things around through healing and restoring what was lost. "Not only do I desire to express my gratitude unto God through my writings, but I express my love to worship God through the praise dances I choreograph and dance, the melodies I sing, and sermons I preach unto God". "After giving my heart to the Lord, I began to record songs given to me by God on my broken-down karaoke machine. I would use old tapes to record these songs with no idea that God was going to use me. I just needed a Savior, and was looking for nothing more; I just wanted God". As a survivor an abortion, a mental breakdown, emotional and physical abuse; Tracy later began to receive prophecies from prophets such as Kingsley Fletcher, Myles Monroe, James Hodges, Howard Richardson, and Apostle John Eckhardt. A year before Tracy and Nathan would marry, she received a word through Juanita Bynum during a 1999 Women's Conference held at their local church that God was giving her an anointing to sing out of her spirit. That souls would be saved and bodies would be healed with the anointing on her life. Soon after marrying, God began to give Nathan the cords and music, and he would bring it to his wife, almost immediately, she would get the lyrics. "My husband and I began to write songs together and record in our in-home studio, recording in the

bathroom and closet trying to find the best place to get a great sound", laughs Tracy. My husband purchased the keyboards, computers, mics, programs, tech. equipment, and all that we would need in order to bring this vision to pass. He became the musician, sound man, and basically a one man studio, we took the prophecies to heart, and began to walk by faith, and not by sight". "God's desire is that you be comforted through these songs that He has given to us to steward on this Cd. These songs were birthed as songs of deliverance to help me in the time of desperation as I walked through the valley of the shadow of death". "God gave us these songs as we were in our darkest night! He gave us songs of deliverance, that walked us into our New Season. We came out of the fiery trials knowing our God better, knowing ourselves better, understanding God's destiny for our lives with Clarity, Purpose and Hope. And we still have songs yet to be recorded". "Our desire is to reach the outcasts, down and out, and rejects of society. To preach the gospel through the Art of Worship is God's desire for our family... And so, that is what we do! Everything that we do is Unto God, but for His people. Our prayer is that you would be inspired and changed through our music".
