GOSPEL: Contemporary Gospel Details: Truly Holy United to God Mentality (T.H.U.G. Mentality). Started off with two members, T.ROC (Thomas Lett) BLAZE (Angelo Price). All they were was good friends with no motivation to be rappers. After a while a young man by the name of T-Squilla (Timothy Hall),gave the two young men motivation to become rappers for the lord and become a part of his record label. T-Squilla produced the group and took them to Absolute Sounds Entertainment (DJ Sir James) for studio time to start recording there songs. But something was still missing. Their #1 fan Denise Harris (Giggles) wanted to rap in 1 or 2 songs. They asked her to memorize a song and come back to them when she was done, Giggles memorized the song in one day and they like what they heard and she became a part of the group. T-Squilla wasn't doing his job as the producer so the group decided to find another producer, that's when they talked to DJ Sir James to be the producer of the group and this is the result. T.H.U.G. Mentality 1st Maxi Single. Self titled T.H.U.G. Mentality (Truly Holy United To God)
