Disturbing, funny and imaginative anti-folk from a musical outsider. Humerous tales from a repulsive little bum. You wouldn't want to hang out at his home, but you sure will enjoy his twisted music. 15 MP3 Songs

FOLK: Angry, FOLK: Power-folk Details: Troy Lukkarila's infamous first CD. As predicted by Nostradamus, this CD was directly responsible for great floods, pestilence and famine. But you never mind all that- it's so very fun it is to listen to. Take a pleasant little ride as this CD explores the hidden violent tendencies in all of us crazy bipeds who really want the world to be a better place as long as we're not too inconvenienced out of the deal. Delightfully sinister yet surprisingly compassionate. "Every Day is Garbage Day" embodies the inner conflicts within us all. A "must have" for the eclectic collector.
