Unusual, impressionistic art-rock with elements of noir, classical music and surf 5 MP3 Songs in this album (20:22) ! Related styles: POP: Dream Pop, ROCK: Psychedelic People who are interested in Radiohead or Montreal Deerhoof should consider this download. Details: Hello. We are relatively new and relatively old. We sound like words, tones and notes - but better. We play atmospheric, eccentric and melodic songs, and try to tell people that the world is on the verge of turning flat. Our music, a kind of unusual, impressionistic art-rock with elements of noir, classical music and surf has been featured on several compilations (including Best of Myspace UK). We have recorded 2 EPs ['Everything' (2006) and somewhere on a Train (2009) and one full-length album [Music for Beginners (2007)] and are currently in the process of recording another 2 EPs. We were awarded "Best Unsigned Recording of the Year" by Playmusic Magazine and our single "Dream in Motion" was described as "a timeless wonder" by Rob da Bank on BBC Radio1.
