Hey Internet Marketers and Webmasters! Need a fast, affordable way to take advantage of the online video revolution? "Introducing VideoWebWizard... The Easy Way For You To Start Using & Profiting With Online Video!" This Software Is So Simple That You Could Have One Or More Streaming Videos On Your Website Just 10 Minutes From Now! Introducing VideoWebWizard! VideoWebWizard is a new software tool that allows you to easily and quickly convert videos into web format. Even if you are completely new to computers or just are not good with technology, don't worry! The VideoWebWizard software has a wizard-like functionality. It literally walks you through the few steps to converting video to website format. "How Does VideoWebWizard Work?" First off, VideoWebWizard converts all the popular video formats and a few, even, that most comparable software programs don't support. VideoWebWizard supports AVI, WMV, MOV, MPG, FLV, VOB, ASF, and MP4 video formats. (Don't understand all that computer-speak? That's fine, you don't have to. All it means is that you won't find yourself frustrated with VideoWebWizard because it's not able to convert a certain video format!) VideoWebWizard converts these video files into a file format called "FLV," or "Flash Video." It's a technology that works with almost all computers and web browsers, even computers running on a non-Microsoft operating system like Macintosh or Linux. By the way, when you see a video on a website, 99 of the time it is probably in Flash video format. Why? Because Flash works almost everywhere, like I just mentioned, and Flash videos usually have a small file size (so they load quickly) while keeping good quality. Many times you can compress a file to 10 or less of its original file size! Then, after VideoWebWizard automatically converts your video into Flash format, it generates a small web page with your video on it, complete with a player and controls (play, pause, volume, and so on). Upload this page to your website, and you're done! Are You Saying: "I'm Bad With Computers. Would I Really Be Able To Use VideoWebWizard?" The answer is a resounding "YES." You'll master VideoWebWizard in no time at all! VideoWebWizard was created with people like you in mind.

After all... if you're like me, you would rather spend your time working on your business or website than spending hours trying to figure out complicated procedures or confusing software. Here, I'll show you. See how easy it really is. With VideoWebWizard, You Can... Here Are Just A Few Of The Things You Can Put On Your Website With VideoWebWizard...
