Memoirs of Fanny Hill was written in debtor's prison in 1784 and was the first modern erotic novel in English. A young woman, Fanny Hill, is forced by poverty to go into service, but is tricked into becoming a prostitute instead. She is then saved by her love, only to have his jealous father send him from the country some months later. She moves from one lover to the next, gaining maturity with each encounter, and nearing her...happy ending."I lay then all tame and passive as she could wish, whilst her freedom raised no other emotion but those of a strange, and, till then, unfelt pleasure. Every part of me was open and exposed to the licentious courses of her hands, which, like a lambent fire, ran over my whole body, and thawed all coldness as they went. My breasts, if it is not too bold a figure to call so two hard, firm, rising hillocks, that just began to shew themselves, or signify anything to the touch, employed and amused her hands awhile, till, slipping down lower, over a smooth track, she could just feel the soft silky down that had but a few months before put forth and garnished the mount-pleasant of those parts, and promised to spread a grateful shelter over the sweet seat of the most exquisite sensation, and which had been, till that instant, the seat of the most insensible innocence. Her fingers played and strove to twine in

the young tendrils of that moss, which nature has contrived at once for use and ornament..."Author:
