

Mp3 Alice Despard Group - Pop: Jangle Pop

Psychedelic folk rock - simple and guitar-driven, hypnotic and measured, with occasional touches of feedback and squiggling electronics. It's both fresh-sounding and quaintly nostalgic. 6 MP3 Songs POP: Jangle Pop, ROCK: Adult Alternative Pop/Rock Details: Alice Despard is one of Washington D.C.'s musical luminaries. Her husky, passionate singing, earthy but melancholy songwriting, and resonant guitar playing have been featured in Sport Turned Spectacle, Hyaa!, Whirligig, the Beggars, and her current band, the Alice Despard Group, who have four excellent CDs, "Push Me Pull You" (1998), "Alice Despard Group" (2000 EP), "Thinning of the Veil" (2003), "Vessel" (2005) in print. In 1990, she released a beautiful acoustic CD, recorded at home, whose official title is in Sanskrit (in the Roman alphabet, it would be "samsara", meaning, roughly, "existence"). "Samara" was recently re-released in May 2006 on Wampus Multimedia, Alice Despard's current label. The Alice Despard Group is currently a duo featuring Alice on guitar and Evan Pollack, her long-time musical counterpart on percussion. alicedespard.com
