Here is Beverly "Guitar" Watkins, previously heard from as one of Dr. Feelgood's interns, decreeing herself "Back In Business." This is a highly charged record by this powerful performer. 12 MP3 Songs
BLUES: Electric Blues, BLUES: Guitar Blues Details: Bio Beverly "Guitar" Watkins is a fan of the low-down, hard-stompin', railroad-smokin' blues. Her feel- good sessions in the late 50s and early 60s may have ignited the spark that fueled the British Invasion. She'll tell you, "People are impressed to see a black woman play like a man." A guitar slinger from birth, she performs on the streets of Atlanta by blowing the crowds away with her unadulterated brand of blues. Performance Highlights
