His songs paint a vivid picture of the simplicity of God's relationship between the Shepherd and His sheep. The resounding message reiterates that our value lies not in our own efforts, but in the reality that we are created by an eternal God who loves us despite our brokenness. The realization of this brokenness is the first step in understanding the hope and grace that God offers through Jesus Christ. Bruce approaches his audiences with a candid, personal style, understanding that the essence of Christ's earthly ministry was in His willingness to be genuine as He shared His life with those around Him. Bruce uses personal experiences, humor, and Scripture to present his unique style of acoustic music sometimes described as having an original, folk/blues sound. His powerful lyrics, which are deeply rooted in God's Word, paint a vivid picture of the simple, life-changing truths of Scripture. Bruce has shared the stage with Christian artists such as Pilgrims Progress, Stephen Sharp, Justin McRoberts, Dove Award winners The Katina's, and Big Daddy Weave!
