Details: DeVoe is the man behind the name Voe'z Product and DeRe Entertainment Inc. The DeRe Family is back for one more round of hot tracks from the producer DeVoe. This will be his sixth compilation album and second CD of up and coming artist for the 2005 year and believe me there is more from this talented composer. This album was made for the streets, nothing else. Its wild out on the streets of Los Angeles County. Keeping the family intact is a challenge for everyone involved. But, the family is strong and grew to other states across the US all the way too the UK. Talent cant be found so close to home... DA G Raj is a have fun experiment that DeVoe intends to keep his family base strong. Everything is done as a family and family sticks together. If one part of the family is wrong then get on the MIC. Speak whats right. Family doesnt fight. Album Featuring Artist: DeVoe' Octain The Flame Poppa Choppa Bart Bullet D.A. Bastards Nutt Bone Drac Trouble Bone TeLe Sophia Quatta Pound Stac Bud
