Details: Ellis Sexton has been doing things his way ever since being expelled from pre-school. Never a conformist, he defied being locked into the 'heavy metal' style of music of his band Bad Temper, (Bad Temper is one bad-ass, head banging, in-your-face, metal band) to create his own style portrayed in his album "Diaries of the Past, Present, and Future." Ellis is a graduate from the School of Hard Knocks. He has fought the demons of drug addiction and depression, thumbed his nose at conventional wisdom, and through it all - wrote, sang and played music. An outlaw with a heart of gold that can turn to stone in the blinking of an eye you can love or hate Ellis, but never take him for granted.
