This CD is full of uptempo songs as well as the slow jams that you want to hear when the mood is right. Since Kris' last project, "my story" (available also here on CD Baby), he has changed producers and matured as an artist and performer. There is more maturity in his voice and there is more range shown on this project. On this project Kris goes out on a limb with the club banger "Dig on U", this one is the party starter, so if you like to dance this is your track. This one is fit to definitely get you out of your set and on the dance floor. The songs for the summer are "summer love, and Right here" these are mid tempo tracks that bounces. Great for summer days at the park or cooking out in your own backyard. Kris also put a few tracks on the CD for the ladies. "Bring your body, Do you wanna make love, All night, and Baby tonight" These are sure to let the ladies know exactly what is on his and your mind. This CD is sure to stay in your CD player for a long time, weather it be in the car stereo or in the bedroom player on the night stand. Kris also put a couple of special songs on this CD. Tammys song is a song Kris wrote for their wedding. ( The first dance) and Daddys love is for his daughters, just a reminder of the love he has for them. All dads will relate this this one. So as I told you earlier this CD covers it all. From Dance to Love to whatever. You will most surely enjoy this CD.
