It contains 11 powerful tunes that will stay in your head for days. Often compared to Dave Matthews Band or Counting Crows, this band puts out catchy songs that everyone can relate to. Singer/songwriter Bill "The Thrill" Galetka delivers again with great power pop hooks combined with dreamy melodies. This CD has it all. A very interesting mix of acoustic guitars, moody keyboards, and rocking rhythm guitars provide the right backdrop for thought provocative lyrics. Be sure to check out the CD's two hit singles from 1999-- "Falling From Grace" and "Changes".
