A bold young voice that challenges mainstream thinking, while having a groundbreaking sound and a heart that is reaching the nations. 13 MP3 Songs HIP HOP/RAP: Spiritual Rap, GOSPEL: Contemporary Gospel Details: Luke - is the first of the group "NewRace" to break away to do his own solo project. "It's something totally new - the concept of a white boy doing Rap like this" said Luke's producer Paul Killingsworth. "We have somehow gracefully merged rap into some unsystematic adaptation of rock. In other words - it's on the cutting edge on what is happening in music today. It's not your typical white boy stuff - he's not angry - he is just really passionate about what's on his heart and truly cares about this generation." Paul continues, "The thing that set's Luke above the rest of his so-called 'competition' is this - he captures the same intensity that Eminem does as an artist, but focuses it in totally different direction - straight from God. You have just got to hear this stuff!" (To look at NewRace's website go to newrace.net)
