For years Hip Hop has been getting confused with rap. Some would say they are synonymous with one another and in some ways they are. In the midst of all this confusion Mista Woosaa aka Young Ru dubbed "Duo personalities", has arrived. Mista Woosaa has been recently compared to OUTKAST by way of originality, and his style of music, a breath of fresh air, as it was put. With songs like, Good Timez which has a music video and featured artist, and it can be viewed on kzoohiphop.com, Good Timez deals with the obvious and the hit song, The Newz, deals with the political and not focused on booty, ass or bling-bling. Dont count him out yet, he dabs a little on the club side with hit songs like, "I Ain't Goin No Where" and I Got It Made featuring hot up and coming MidWest artist, Saan Solo and CJ Myxx.
