Dreamy experimental melodic lo fi Indie 5 MP3 Songs POP: Dream Pop, POP: Psychedelic Pop Details: "Mirrors" is the brand new E.P from the Leeds/Sheffield based avante garde lo-fi Indie pioneers Silence Sparks Dialogue. It's more of a journey through sound than a normal record with ambient dreamy moments, experimental stops and starts and timeless vocals. This long awaited E.P is finally released officially on the 5th May 2008. We had the pleasure of meeting up with the guys behind SSD and you can read the results below and find out more about this unique new Indie outfit. ABOUT/HISTORY ssd represents the product of 10 years of friendship, coupled with a love and passion for dynamic, forward-thinking music. Following early jam sessions and a host of scratchy demo's ssd began penning and recording material in a low-budget home studio. From these recordings the band refined their sounds and some of this material can be heard here. Following the success of the myspace site the band are now set to release their debut EP titled 'Mirrors' shortly after the New Year on Matchbox Recordings. Silence sparks dialogue are now performing in the Leeds and Sheffield area, People who are interested in Massive Attack Coldplay Sigur Rs should consider this download.
