WORLD: World Fusion, WORLD: Afro-Brazilian Details: The Spiral Galaxy project mixes native instruments and regional styles of different parts of the world with the modernity of the equipment and contemporaries synthesizers, making the listener to travel for different regions of the planet. The proposal main is to mix, to join, to share. The World Music is the mix between races and styles, without preconceptions and rigid forms everything is allowed. Ans music always was and continues being one of the main ways of union and integration between the peoples. Spiral Galaxy is as the galaxy, that inside contains of it all the forms and energies of the universe in harmony, and still is part of a bigger context all interacting and evolving in the infinite Universe. The first album, that takes the name of the project, was recorded in 2006 and 2007 and is being launched for the label Toca Disc. Production and Instrumentation: M.Juliany Recorded in the Soundup studio - SP
