

Mp3 Stephanie Wukovitz - Aftermath

[DOWNLOAD HERE](#)

Live orchestral music (recorded in Prague, Czech Republic), very cinematic in nature. Some is broad and sweeping, some comedic, some intimate and evocative. 6 MP3 Songs CLASSICAL: Orchestral,
KIDS/FAMILY: Kid Friendly Details: Hi, I'm Stephanie, and here is some of my work! I hope you enjoy it!
THE ALBUM All six pieces were recorded in Smecky Studio in Prague, Czech Republic with the City of Prague Orchestra. Conductor: Mario Klemens Recording Engineer: Juraj Durovic Composer's Assistant/Mentor: Stephen Cohn Mixing/Mastering Engineer: Daniel May Composer/Orchestrator: Stephanie Wukovitz Three pieces made use of the A orchestra, which consisted of 65 musicians (woodwind pairs, full brass section, harp, piano, percussion, and strings -- i.e. a pretty standard combination) The other three pieces were recorded using the B orchestra, which consisted of 51 musicians (woodwind pairs, 6 French horns, harp, piano, percussion, and strings). The album name, 'Aftermath', is a bit of an in-joke. I spent time as a pure and applied mathematics graduate student, then a few years as a programmer with a mathematical bent. So my career as a composer comes after... math. Yes, I know... booooooo. More info to come!
