Folk blues with some hot guitar pickin' 8 MP3 Songs BLUES: Acoustic Blues, FOLK: Traditional Folk
Details: Thomasina Winslow has been an artist in the folk tradition from the age of four when she made her debut recording of the song 1-2-3 on her Father Tom Winslow (Biograph, 1969). She was raised in a folk-singing family and her father Tom Winslow is a traditional artist in the Americana music Enrichment field. She hails from Albany, NY where she earned both her AS and BA degree in Music performance/classical guitar. "This is my out from under, give back, keep the traditions alive, album." We hope you enjoy this full program of traditional and original music. Thomasina has certainly enjoyed playing these tunes live or recorded. By the way, Thomasina's little brother used to nickname her "Tunes", so the Title has a double meaning, but you can hear about that in the live performances. Enjoy, and we at Winslow Productions wish for you that these tunes enrich your life... like they have The Winslow Family and Thomasina Winslow.
