Tara wasn't looking for love when she ran into the handsome stranger, but she was looking for a werewolf. She's always wanted to meet one; little does she know her wish is about to come true. When Tara meets Logan she thinks he's as sexy as The Big Bad Wolf should be. She just has no idea he's the real thing. When another werewolf mistakenly sees Logan as a threat to his pack, things get even more complicated, and Logan's past is revealed. Tara must decide if she can see past the beast in order to love the man. As long as he's hers, does it even matter if he's a werewolf? And besides, opportunities like this only come along Once in a Blue Moon. Excerpt: "Oh," he said, looking at the cup. "I don't think I've told you what I do for a living. I'm a sociology professor." "A professor?" she asked, smiling. "A doctor, as a matter of fact." Logan raised one eyebrow and her smile widened. "Dr. Logan Xavier, at your service." "Ooo, that sounds important," she teased. "I like to think so." "The kitchen is through here, follow me." Tara led him into the kitchen but stopped short just inside the doorway. She'd totally forgotten her work, and the highly erotic photos were where she'd left them, spread all over her kitchen table. She dared a glance at Logan to find him staring, wide-eyed at the pictures. Shit. Might as well try to explain. Not many

people understood what she did for a living. Come to think of it, not many people knew. He would either understand or think she was a raging pervert. Either way, she had to say something. "This is what I do for a living," she said. Logan's gaze leaped from the pictures to meet hers and she elaborated. "I'm not a porn star or anything." She laughed nervously at her lame explanation. "Look, this is all coming out wrong. I work for adult magazines. Several of them. I write the copy that appears beside photo like these." She gestured toward the table. Logan nodded and started looking through the pictures. He moved them around. "Hmm. I may be familiar with some of your work." "I normally don't have them lying around like this. It's just that I was working and-" "And you weren't expecting anyone, I understand. Don't worry, I'm not a prude and I'm not easily offended." She breathed a sigh of relief. "Good. I was afraid you were going to think I was a raging pervert and run screaming." "Now why would I run from a perfectly good pervert?" They both laughed and Tara turned around to get the sugar out of the cabinet while Logan moved to lean against the counter. He crossed his arms over his chest. His biceps flexed and the muscles of his well-toned forearms became even more noticeable. Tara swallowed hard and focused her attention on the sugar bowl on the bottom shelf of the cabinet. "So, what do you teach, besides basic sociology?" "Human sexuality." She paused and turned back to him. "And you do fieldwork, huh?" "A friend of mine got me the cup as a gag." He shrugged, but Tara wasn't fooled by his attempt to act casual. "Do you really need any sugar?" she asked softly. "Not the kind that's in that jar." Before she could react he'd moved around the counter. His arms wrapped around her waist and Tara melted against him. Despite her initial shock, she couldn't hide her reaction. His lips were soft, yet insistent as they pressed against hers. She leaned into him and could feel his erection against the soft flesh of her belly. Tara opened her mouth and Logan growled as he deepened the kiss. The sound vibrated along her skin and Tara was instantly wet with anticipation.
