This is an amazing and SUPERIOR minisite creator, that makes making sales sites VERY EASY. This is not similar to sales site creator, this is far more advance and creates a much more professional and better looking sales site. This is a very useful tool that saves days worth of time, and practically does all on it's own what you can't do all by yourself without spending money on a webmaster to do it for you. I have included a trial version, if you wish to check it out before buying. If you're looking for a REAL sales site maker, rest assure, you have found it, this is it! I urge you to download the trial version. This is one marketing/site creator you WILL want in your automated webmastery toolbox, as it's not only and just total plug and play, it creates highly sophisticated sales pages in under an hour flat. I already personally thanked Simon Hodgkinson for making such an outstanding product, now it's your turn. _____
