And especially If Youre Sick And Tired Of Software and Services being insanely over priced, Then Instant Blog and Ping Desktop Software is for you... Dear Friend, How much is time worth to your business? The reason I ask you this is because.. exactly 32 days ago I asked the same question to a friend of mine who was in a right dilemma, Im talking about a Huge Bind. Now III tell you later why I asked him that same question... Suppose you could sit down at your computer create a website, upload it then press a few Simple buttons and then sit back and watch search engines spiders hurrying to your site like a moth to a light bulb. Imagine... performing one simple 2 minute task which within days could lead to a stampede of search engine spiders crawling deep down into the 1000s of pages you have created. Imagine then seeing your entire site indexed not in months but within a matter of

weeks. Obviously this means more pages are now in front of hungry consumers which in turn means the potential of earning cash quicker increases.
