

Among The Islands: Adventures In The Pacific - Tim Flannery

[DOWNLOAD HERE](#)

Tim Flannery is one of the worlds most influential scientists, credited with discovering more species than Darwin. In Among the Islands Flannery recounts a series of expeditions he made at the dawn of his career to the strange tropical islands of the South Pacific, a great arc stretching nearly 4,000 miles from the postcard perfection of Polynesia to some of the largest, highest, ancient, and most rugged islands on earth. Flannery was traveling in search of rare and undiscovered mammal species, but he found much more: wild, weird places where local taboos, foul weather, dense jungle, and sheer remoteness made for difficult and dramatic exploration. Among the Islands is full of fascinating creatures monkey faced bats, giant rats, gazelle-faced black wallabies, and more and the adventure of discovery. This is an idea read for anyone who has ever imagined voyaging to the ends of the earth to uncover and study the rare and the wonderful. Author: Flannery, Tim Publisher: Atlantic Monthly Press Illustration: N Language: ENG Title: Among the Islands: Adventures in the Pacific Pages: 00288 (Encrypted EPUB) On Sale: 2012-11-06 SKU-13/ISBN: 9780802120403 Category: Nature : Animals - Mammals
